How to make a Daily 5 Folder

Directions:

1. Gather two pocket folders with prongs, one sheet protector, tape, copies of Daily 5 Folder Documents, glue, and scissors.
2. To start take one folder and fold it inside out so that the pockets are facing out.
3. Open the other folder and place it flat on the table in front of you.
4. Place the inside out folder inside the prong flap of the open folder. Make sure to line up the prongs and holes.
5. Place the prongs through the holes and fasten do this to both folders. You will have two folders fastened together.
6. Open the folder to the center. You will see the back of one folder and the front of the other folder. Place the sheet protector inside the middle.
7. Using tape (I used masking tape), tape down the sheet protector on both sides.
8. Turn to the front of the folder and glue the cover sheet onto the folder.
9. Cut out the pocket labels and glue them to the pockets.
10. Cut out the "EEKK!" and "I PICK" reminders and glue to the back of the folders.
11. Place the Daily 5 Checklist and Rubric inside the sheet protector.

EEKK!

Elbow to elbow, knee to knee,
I'll read to you
and you'll read to me.
Elbow to elbow, knee to knee,
book in the middle
so we both can see!

I PICK a good fit book!

- I- I choose a book.
- P- What is my purpose for reading it?
- I- Does the book interest me?
- G- Do I comprehend what I am reading?
- K- Do I know most of the words?
